In re Application of :  
Tong et al. :  
Application No. 10/661,748 : LETTER REGARDING  
Filed: 09/12/2003 : PATENT TERM ADJUSTMENT  
Docket No. 16113-323001/GP-133-00-US :  
:

This is in response to the "LETTER REGARDING PATENT TERM ADJUSTMENT" filed December 24, 2008. Pursuant to applicants' duty of good faith and candor to the Office, applicants request that the determination of patent term adjustment under 35 U.S.C. 154(b) be reviewed for accuracy.

The request for review of the patent term adjustment is GRANTED.

The Office has updated the PAIR screen to reflect that the correct Patent Term Adjustment (PTA) determination at the time of the mailing of the notice of allowance is 258 days. A copy of the updated PAIR screen, showing the correct determination, is enclosed.

On October 10, 2008, the Office mailed the Determination of Patent Term Adjustment under 35 U.S.C. 154(b) in the above-identified application. The Notice stated that the patent term adjustment is 260 days. On December 24, 2008, applicants submitted the instant comment. Applicants disclose that they believe that the patent term adjustment indicated in the Determination of Patent Term Adjustment is incorrect and should be recalculated. Applicants state that it appears that the PTA Calculations in PAIR incorrectly reflects the date of receipt of the Request for Continued Examination (RCE) as December 22, 2006, instead of December 21, 2006. Additionally, applicants

aver that the PTA Calculations in PAIR incorrectly show the date of receipt of the reply to the nonfinal Office action mailed on October 9, 2007, as March 9, 2008, instead of March 10, 2008.

A review of the application history reveals that applicants are correct. The Office incorrectly entered the date of receipt of the RCE in the PTA Calculations as December 22, 2006, instead of December 21, 2006.<sup>1</sup> Thus, the date of December 21, 2006, not December 22, 2006, should have been used for the purpose of calculating patent term adjustment. It is noted that after applicants filed the RCE, they submitted a supplemental reply or paper in the form of an Information Disclosure Statement (IDS) on January 23, 2007. The record does not support a conclusion that the examiner expressly requested the filing of the IDS. Further, a review of the IDS, filed January 23, 2007, reveals that applicants did not include a statement under 37 CFR 1.704(d).<sup>2</sup> Thus, applicants failed to engage in reasonable efforts to conclude prosecution of the application. The period of adjustment should have been reduced by 33 days (not 32 days) pursuant to 37 CFR 1.704(c)(8), counting the number of days beginning on the day after the date the initial reply was filed, December 22, 2006, and ending on the date that the IDS was filed, January 23, 2007. Accordingly, the period of reduction of 32 days will be removed and a period of reduction of 33 days will be entered.

---

<sup>1</sup> It is noted that the Image File Wrapper for the instant application indicates the date of receipt of the RCE as December 21, 2006.

<sup>2</sup> Pursuant to 37 CFR § 1.704(d):

A paper containing only an information disclosure statement in compliance with §§ 1.97 and 1.98 will not be considered a failure to engage in reasonable efforts to conclude prosecution (processing or examination) of the application under paragraphs (c)(6), (c)(8), (c)(9), or (c)(10) of this section if it is accompanied by a statement that each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart application and that this communication was not received by any individual designated in § 1.56(c) more than thirty days prior to the filing of the information disclosure statement. This thirty-day period is not extendable.

Similarly, the Office incorrectly entered the date of receipt of the reply to the nonfinal Office action of October 9, 2007, in the PTA Calculations as March 9, 2008, instead of March 10, 2008.<sup>3</sup> Thus, the date of March 10, 2008, not March 9, 2008, should have been used for the purpose of calculating patent term adjustment. In accordance with 37 CFR 1.704(b), the period of adjustment of the term of the patent should have been reduced by 61 days (not 60 days), counting the number of days in the period beginning on the day after the date that is three months after the mailing date of the nonfinal Office action, January 10, 2008, and ending on the date the reply was filed, March 10, 2008. Accordingly, the period of reduction of 60 days will be removed and a period of reduction of 61 days will be entered.

In view thereof, the correct patent term adjustment at the time of mailing of the notice of allowance is 258 days (501 days of Office delay - 243 days of applicant delay).

As this letter was submitted to advise the Office of an error in applicants' favor, the Office will not assess the \$200.00 fee under 37 CFR 1.18(e). The Office thanks applicants for their good faith and candor in bringing this to the attention of the Office.

Applicants are reminded that any delays by the Office pursuant to 37 CFR 1.702(a)(4) and 1.702(b) and any applicant delays under 37 CFR 1.704(c)(10) will be calculated at the time of the issuance of the patent and applicants will be notified in the Issue Notification letter that is mailed to applicants approximately three weeks prior to issuance.

The Office of Data Management has been advised of this decision. This matter is being referred to the Office of Data Management for issuance of the patent.

---

<sup>3</sup> It is noted that the Image File Wrapper for the instant application indicates the date of receipt of the reply to the nonfinal Office action as March 10, 2008.

Telephone inquiries specific to this decision should be directed to Christina Tartera Donnell, Senior Petitions Attorney, at
